## Features and Benefits

- **8' x 15' x 8.5'** ADA Compliant Mobile ATM Trailer
- When trailer is lowered into service mode, the trailer places the ATM at the **ADA required height of 48"** for wheelchair access
- No electrical needed for setup. **The on-board generator is powered by two propane tanks.**
- Easy to tow and has a **tandem axle** for increased towing safety.
- **Interior climate control**
- **Secure interior service and storage area**
- **12 V battery backup** for setup or emergency lighting.
- 3.6 KW Onan propane generator with **internal start switch for ATM operation.**
- **ATM access panel converts to 84" high canopy**
- 12 V motor mechanism **automatically raises and lowers hitch.**
- Dry empty weight: 7,350 pounds
- Tongue weight: 750-900 pounds depending on ATM
- **3/4-ton truck** recommended for towing

## ATM Compatibility

Our Mobile ATM Trailer is compatible with several ATMS at the new 48" ADA rule. Please contact your regional sales manager for more information on ATM fit.
